I graduated from the UW in 1992 with a degree in Electrical Engineering. However, after a summer backpacking through Europe, I decided I liked accounting and consulting better. I came back from my trip and started my business (having done accounting and bookkeeping to get through college). I have been in business since 1993. I work mostly in the Seattle area, but do have some clients in Mercer Island, Des Moines, Issaquah and one client I work remotely with in Tampa, FL. I offer Quickbooks setup and training services as well as full-service bookkeeping, state and payroll tax preparation, and payroll processing.

I have more than 20 years of experience specializing in accounting and financial management, with the last 7 years in my own company dedicated to bookkeeping for small businesses and individuals located in the Seattle area. Clients include construction contractors, yoga studios, condominium associations, preschools and medical clinics, and individuals who want help organizing their personal finances. Services include: Washington State, City of Seattle, City of Bellevue business tax preparation, QuickBooks set-up and consulting for all business types: sole proprietors, LLC's, corporations; Payroll preparation, review and consulting, including calculation of federal and state payroll taxes; Financial statement review and preparation; Cleanup and organization of accounting information; Complete bookkeeping services: invoicing, bill paying, banking, budgeting, personal financial statements.

I work closely with clients' tax accountants so that there is a smooth transition of annual data to the tax accountant for preparation of federal income tax returns, as well as tax and retirement planning.
